LAKE IMPROVEMENT COMMISSION MEETING, CITY OF STORM LAKE, CITY HALL COUNCIL CHAMBERS, MARCH 31, 2025, 4:00 PM

Commissioner Croker asked about the drawings she has seen in the newspaper for the City's designed plans for the dredge spoil site and asked if any of the LIC property is included in the City's plans. City Manager Keri Navratil explained that the plans do include LIC property and stated the plans can be scaled down. Navratil explained that at the time the drawings were generated, LIC did not know what they were going to do with the property. The Engineer included the LIC property so that they would not need to come back and update the design and we can easily scale back the design when needed.

The Commission discussed the DNR inspections of the property and costs incurred to manage weed control, debris or grubbing of the property.

Commissioner Armstrong requested a breakdown of the increased insurance premium at the next LIC meeting. Commissioner Croker requested that a Stille, Pierce & Pertzborn Insurance representative attend the June meeting and explain the liability insurance coverages and related insurance rates. Commissioner Armstrong suggested that the water should be drained from the dredge spoil site to reduce the cost of the insurance premiums due to LIC is paying to insure a lake at the site.

Adjourn - Moved by Commissioner Porsch to adjourn at 4:34 pm. Seconded by Commissioner Hartman. Vote: All ayes with Commissioners White, McKeon, and Mohr absent. Motion carried.

To the extent that such farmland is approved for use as a spoil site, the City of Storm Lake agrees that it may be used for such purpose by the Commission for the duration of the dredging project, or until the spoil site is filled to capacity, whichever occurs first. In the event that the proposed spoil site described herein does not prove to be satisfactory, or in the event it is only partially used, the City agrees that the value of its spoil site utilized for this project plus 1) such additional amounts as the City may expend to acquire alternate dredge sites through lease or purchase, 2) such amounts as the City will contribute to the Commission to develop the spoil site or sites, 3) such amounts as the City will contribute to the Commission to operate the dredge, and 4) the sum of \$225,000.00 pledged in Article X, Section 2 will at least match the amount actually expended by Buena Vista County pursuant to Article IX, Section 1.

Section 3. Other Assets. Except as otherwise provided in this Agreement, all assets acquired with Commission funds shall be considered assets of the Commission as a corporate entity.

ARTICLE X.

Funding

Section 1. Buena Vista County. As set forth previously, Buena Vista County has pledged up

to \$600,000.00 for the purchase of a dredge and associated equipment for use in the dredging operations. In the event that the dredge and associated equipment may be purchased for less than \$600,000.00 thereby leaving a portion of its committed funds unspent, Buena Vista County reserves

unto its Board of Supervisors the authority to determine whether any part of the excess funds will be dedicated to fund the operations of the dredging, or alternatively, whether the County shall reserve to the County the use of such funds for purposes unrelated to the Commission work. As of this date, Buena Vista County makes no commitment to provide funds for operating expenses in the future during budget years that coincide with the period during which dredging operations will take place, but Buena Vista County does agree to consider requests for funding for operations during the period of years that dredging occurs.

Section 2. City of Storm Lake. The City of Storm Lake agrees to commit the sum of \$225,000.00 to the Commission to be deposited in the dredging account for use in purchasing auxiliary equipment for the dredge as the Commission may direct. In the event the necessary auxiliary equipment may be purchased for less than \$225,000.00 thereby leaving a portion of its committed funds unspent, the City of Storm Lake reserves unto its Council the authority to determine whether any part of the excess funds will be dedicated to the operations of the dredging, or alternatively, whether the City will require that the unspent funds be returned to the City. The City of Storm Lake further agrees that during each budget year while dredging continues, it will consider requests made by the Commission for funds to help support the operational expense of the dredging operation.

Section 3. City of Lakeside. The City of Lakeside hereby agrees to pay into the Commission

an amount equal to 25% of its local option sales tax revenue during each year that the dredging operation continues and which amount is estimated to be approximately \$8,000.00 - \$10,000.00 per year. The City of Lakeside shall also make an initial contribution of \$30,000.00 to the Commission for dredging.

Section 4. Lake Preservation Association For Storm Lake, Inc. The Lake Preservation Association For Storm Lake, Inc. hereby agrees to seek voluntary contributions to finance dredging from its membership on an annual basis and which amounts would be paid over to the Commission in their entirety and dedicated to the operational expense of dredging the lake.

Section 5. Regular Funding. The parties all acknowledge that the long-term success of the Commission will be dependent upon the Commission receiving regular funding on an annual basis to cover the cost of its projects, and in particular the dredging operation, and that if such funding does not materialize, the ability of the Commission to achieve its stated purposes will be in jeopardy.

ARTICLE XI.

Membership

Section 1. General. The parties to the Agreement shall constitute its membership. Benefits of the membership shall include the economic advantage of a joint and concerted effort to preserve and improve Lake Storm Lake for the benefit of all of the parties.

Section 2. Duration of Membership. A member of this Commission shall continue its membership herein until such time as the member terminates its membership, as hereinafter provided; or the Commission is dissolved as hereinafter provided.

Section 3. Membership Termination. The membership of an individual party to this Agreement may be withdrawn from this Commission in the following manner.

A. Membership shall be terminated when the governing party of the member adopts a resolution withdrawing from the Commission. A copy of said resolution, bearing the signature of the Chairman, Mayor or President thereof, shall be sent to the Chairman of the Commission.

B. Withdrawal of a member from the membership of this Commission shall be effective upon receipt of the resolution by the Chairman of the Commission.

C. Termination of membership by a member shall not relieve that member of its obligation to pay any amount previously pledged toward the operations of the Commission to the extent such amount is then unpaid.

D. Termination--Effect Upon Director. Termination of membership of any party authorized to appoint a director or directors in that parties sole discretion shall also effect a termination of that particular director's or directors' position effective at such time as the parties' membership terminates.

ARTICLE XII.

Insurance

During the period of operation of the Commission and for so long as necessary after the completion of dredging until all spoil sites are returned to farming or other suitable uses other than as a spoil site, the Commission shall purchase and maintain General Liability insurance covering all

operations of the Commission in an amount not less than \$5,000,000.00 naming the Commission as the principal insured and each of the parties to this Agreement as an additional insured. During this same period, the Commission shall purchase Public Officials Liability Insurance on behalf of its Board of Directors in such amount as the Board may direct. The Commission shall purchase casualty and other forms of insurance as circumstances may warrant.

ARTICLE XIII.

Dissolution

This Agreement and the Commission herein created may be dissolved at any time with the unanimous vote of the membership. A party which is a governmental body may not vote for dissolution until its respective Board or Council shall pass a resolution supporting the dissolution of the Commission. The Commission shall not be dissolved when there remains any indebtedness incurred by such Commission until such indebtedness is paid. Upon such a dissolution, all assets of this Commission shall be liquidated and the net proceeds obtained therefrom shall be distributed to one or more of the parties in such amounts as the Commission shall agree, or alternatively, to another nonprofit tax exempt entity involved in projects similar in purpose to the purposes previously set forth for this Commission. The dredge and any other equipment purchased by Buena Vista County shall not be considered an asset of the Commission and shall be returned upon termination to Buena Vista County. The farmland described in Article IX, Section 2, including any additional farmland purchased by the City with City funds, shall, at all times, remain titled in and be the property of the City of Storm Lake. Any auxiliary equipment purchased with funds provided by the City of Storm Lake shall not be considered an asset of the Commission and shall be returned to the

City.

ARTICLE XIV.

Amendments

The terms of these Articles of Agreement may be amended by a three-fourths vote of the Board of Directors at any regular meeting, provided that each individual member thereof shall have been mailed a copy of said proposed Amendment at least 30 days prior to the date action is proposed to be taken upon the Amendment.

ARTICLE XV.

Severability

If any of the provisions of these Articles of Agreement, or the application thereof to any person or circumstance are held to be invalid, such invalidity shall not affect other provisions or applications, and to this end the provisions of these Articles are deemed and declared to be severable. Governmental entities which are parties to this Agreement certify that they execute this Agreement pursuant to authority granted by resolution from their respective governmental bodies.
